

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

With the current monopolistic practices of the cable conglomerates, what is protecting me? I don't have millions of dollars to pad the pockets of politicians (like the cable companies do). Help us fight to reduce the overall control of the cable companies.
